

# LASIK Vision Correction, Cataract Treatment and More

## Eye Surgery in New York City, Manhattan, and Long Island, New York

Congratulations! You have made an important first step in learning how you can improve your vision and enhance your quality of life through refractive surgery.

**James Kelly, MD** is a leading **New York Ophthalmologist** and board-certified refractive eye surgeon with extensive experience and training in numerous vision correction procedures including: <sup>[1]</sup>

- [artificial lens implant surgery](#) <sup>[1]</sup>
- [cataract surgery](#) <sup>[2]</sup>
- [presbyopia treatment](#) <sup>[3]</sup>
- [lasik surgery, epi-lasik/PRK](#) <sup>[4]</sup>
- and breakthrough [ReSTOR®](#) <sup>[5]</sup> technology

A graduate of Columbia University and Cornell University Medical College, [LASIK surgeon, Dr. James Kelly](#) <sup>[6]</sup>, has helped well over 10,000 people see and live better through vision correction surgery since 1996.

**Dr. Kelly** is a diplomate of the American Board of Ophthalmology and an active fellow of the American Academy of Ophthalmology. He is also proud to be a member of the American Society of Cataract and Refractive Surgeons, the New York State Ophthalmological Society, and the American Medical Association.

[Please contact Kelly Vision Center today for your free one-on-one consultation with Dr. Kelly to discuss the vision correction options that are right for you. Sign up online, or call us at 1.877.377.EYES.](#) <sup>[7]</sup>

Along with his vast experience in advanced vision correction eye surgery procedures including LASIK and artificial lens implant procedures, Dr. James Kelly has advanced certification in vision correction using the exciting new breakthrough ReSTOR® lens technology for simultaneously treating far and near vision for patients over 40.
